

IDEAL In-Sure® Lever Wire Connectors

Insert. Close. Connect. Lever wire connectors provide the perfect solution for joining solid and stranded wires. These versatile connectors have a compact design and take up minimal room in junction boxes and enclosures.

Features & Benefits

- Releasable connector for solid & stranded wires
- Wire Range: 24 - 12 AWG
- Modern alternative to traditional connectors
- Safe, reliable and re-usable
- Two-stage lock for a secure connection
- Clear housing allows verification of connection
- Continuity check port and strip length guide
- Compact design for tight spaces
- For use with Cu/Cu combinations only
- Solid wires can be inserted without opening lever
